

**Certification of No Change or Non-Material Change  
On Behalf of Registered Franchisor**

As an authorized representative of \_\_\_\_\_, I certify as follows:

1. On \_\_\_\_\_, (The "Registration Date"), The U.S. Small Business Administration ("SBA") listed \_\_\_\_\_ ("Franchisor") on its Franchise Registry as complying with SBA's franchise eligibility guidelines.

2. This registration followed SBA's review of a package of documents (the "Franchise Documents") that Franchisor requires its franchisees to sign in order to participate as a Franchisee in the \_\_\_\_\_ System.

3. (Check one of the following):

There have been no changes to the Franchise Documents since the Registration Date or the date of last re-certification or update.

There have been Non-Material Changes (changes to the Franchise Documents that are not related to SBA's eligibility guidelines and that do not require a change to worksheet responses) since the Registration Date or the date of last re-certification or update. We have submitted to SBA's contractor, FRANDATA, a copy of this certification, a complete set of the current Franchise Documents, and a redlined set of Franchise Documents indicating all revisions since the Registration Date or the date of last re-certification or update.
